

Swissparks.ch Workshop 1/2024

Zoom Video Conference

Topic: Accelerators and Scale-up Programs

Date: Tuesday, 27 August 2024, 11.00, Zoom Video Conference

Abstract:

The number of Start-up Accelerators and Scale-up Programs is growing. An Accelerator provides an intensive mentored path through workshops / coaching / networking which is fixed-term and spans about 4 months. It is zero-equity and leads the startups to understand if their business is sustainable and worth keep working on it. At the same time, the program gives a chance to gain visibility and connections typically through the demo day (Award Ceremony), up to finding investors.
The Workshop presents five established and successful Swiss Accelerator and Scale-up Programs.
